PCORI's Online Application System

- Enter this link to access PCORI's Online Application System:
<https://pcori.fluxx.io/>
- Staff will be available after the demo to help with specific questions (note that we will be working in a test environment).

The screenshot shows the PCORI Online Application System login page. At the top, the PCORI logo is displayed with the text "Welcome to PCORI Online" below it. Under the heading "Login Now:", there are two input fields for "Username" and "Password", followed by a "Sign in" button. To the left of the button is a link for "Reset or create password". To the right of the login fields, there is a "Technical Note" in red text stating: "Please use Chrome or Safari browsers." Below this, it says: "If you are a new user, please register by clicking on the 'Create an Account Now' button." At the bottom of the note, it says: "If you are a reviewer or have applied to PCORI in the past, you do not need to create a new user account. Please click the 'Reset or create password' link to the left to receive your new password."

Questions?

Thank You!
