

Overview of Engagement Funding Opportunities

Jean Slutsky

Chief Engagement and Dissemination Officer

Lia Hotchkiss

Director, Eugene Washington Engagement Awards Program

June 23, 2015

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

Welcome!

Jean Slutsky, PA, MSPH

*Chief Engagement and
Dissemination Officer
Engagement*

Lia Hotchkiss

*Director
Eugene Washington
Engagement Awards Program*

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

In This Session

- Why Engage?
- What Is Programmatic Funding?
- Overview of the Pipeline to Proposals Initiative
- Overview of Engagement Awards Program
- For More Information

3

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

Engagement Matters

- Engagement helps ensure that the research we fund provides the information that patients, their caregivers, and the broader healthcare community need to help with the decisions they face each day.

Engagement:

Encourages research to be patient-centered, relevant, and useful	Establishes trust and a sense of legitimacy in research findings	Encourages successful uptake and use of research results
--	--	--

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

4

Programmatic Funding

In addition to research funding, PCORI offers a variety of other funding opportunities. We look to fund projects aimed at encouraging the meaningful involvement of patients, caregivers, clinicians, and other healthcare stakeholders in comparative clinical effectiveness research (CER).

These additional funding opportunities include:

- Pipeline to Proposal Awards
- Eugene Washington PCORI Engagement Awards

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

5

Funding Opportunities

Three tiers of awards;

**\$15,000 to
\$50,000
per project**

Pipeline to Proposal Awards
www.pcori.org/content/pipeline-proposal-awards

Enable individuals and groups that are not typically involved in clinical research to develop the means to produce community-led PCOR funding proposals that they could submit to PCORI or other research funders.

Awards of up to
**\$250,000
per project**

Eugene Washington PCORI Engagement Awards
pcori.org/content/eugene-washington-pcori-engagement-awards

Fund organizations to conduct projects to increase the meaningful engagement of patients, caregivers, clinicians, and other healthcare stakeholders in the research process by expanding their knowledge and skills to participate in CER and PCOR, and creating opportunities to build connections and share research findings. The awards also support CER and PCOR meetings and conferences.

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

6

Pipeline to Proposal Initiative

The goals of the Initiative include:

Develop partnerships among researchers, patients, and other stakeholders

Build capacity for research partnerships to potentially submit research proposals to PCORI or other PCOR funders

Establish a national community and infrastructure for patients, caregivers, and other stakeholders to increase CER information and engagement in research and dissemination

Serve as a “learning laboratory” to develop pre-engagement knowledge and tools for PCOR community

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

7

Pipeline to Proposal Program

October 2012

Concept originated at
Inaugural Patient Engagement Workshop

March 2015

Transitioned 27 Tier I projects to Tier II

December 2013

Launched pilot with 30 Tier I Awards in Western Region

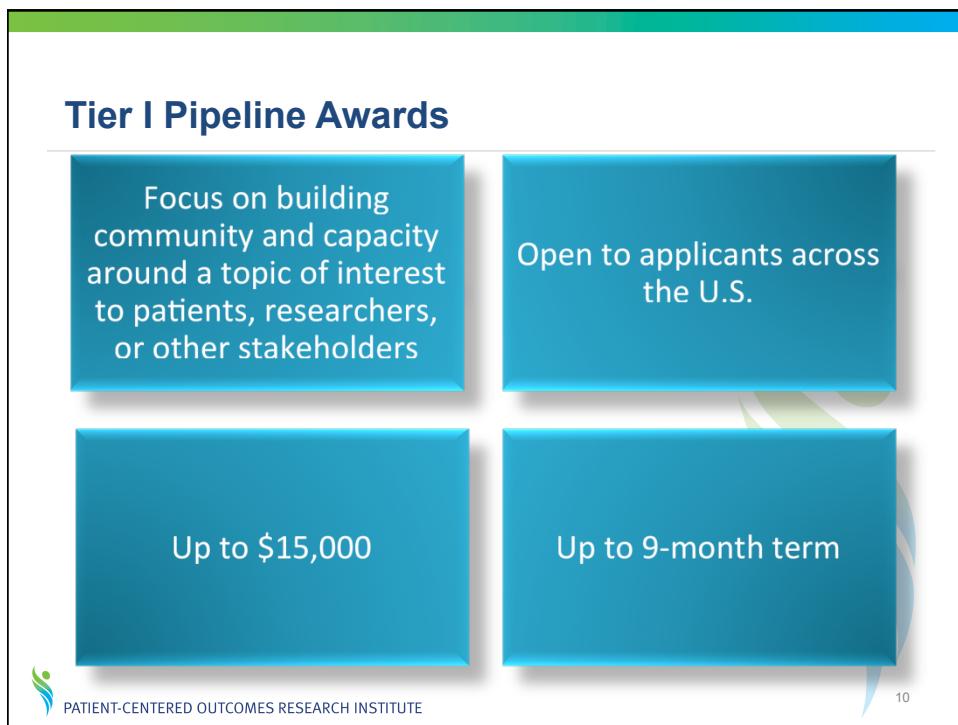

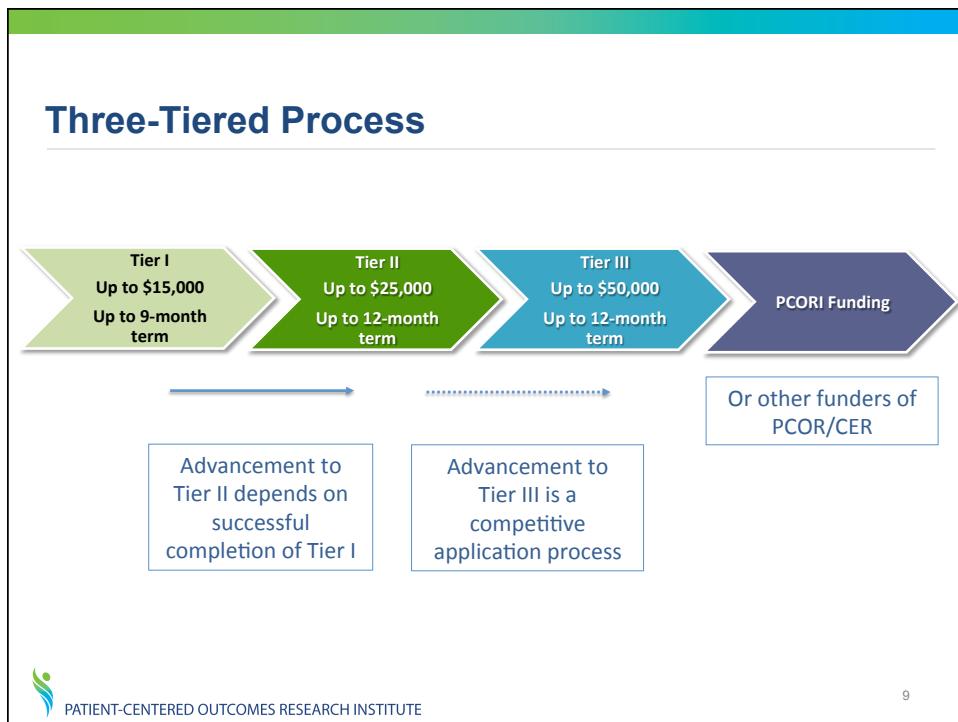

April 2015

Announced 50 new Tier I projects in 5 regions

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

8

Tier II Pipeline Awards

Formalize partnerships,
identify potential CER
question to be researched,
and develop infrastructure
or governance processes

Up to \$25,000

Up to 12-month term

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

11

Tier III Pipeline Awards

Create research proposal,
including robust
engagement plan for
later submission to PCORI
or other funders of PCOR

Up to \$50,000

Up to 12-month term

Tier III Letter of Intent
(LOI) opportunity will
open later this year

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

12

Technical Assistance and Fiscal Management

- Five geographic regions

Five Pipeline Award Program Offices (PAPOs)

Colorado Foundation for Public Health and
the Environment

Georgia Health Policy Center

National Network of Public Health Institutes

Michigan Public Health Institute

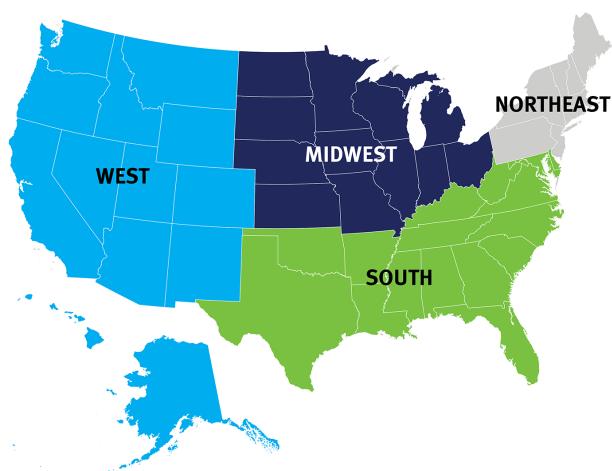

Health Resources in Action

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

Current Opportunities: Five Regions

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

Pipeline to Proposal Awardees

Applicants

- Patients/patient groups
- Researchers
- Clinicians or other stakeholders

Topics

- Array of disease areas ranging from SIDS to diabetes, psoriasis to stomach cancer
- Also geographic or population-based focuses

Activities

- Meetings, workshops, and roundtables to generate research ideas
- Identifying necessary partners and building relationships
- Training and capacity building to prepare for conducting PCOR

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

15

What makes this program unique?

Awardees can be small groups or individuals who are patients, stakeholders, or researchers

Funded activities are capacity building, partnership formation, outreach, and infrastructure creation—not research

Application process is competitive but more simplified than other PCORI funding

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

16

Application Guidelines

Who can apply

- Individuals
- Consumer/Patient organizations
- Clinician(s)
- Researcher(s)
- A combination of any listed above

How to apply

Register on PCORI's
Pipeline to Proposal
Application System

Submit a Letter of
Inquiry

Complete the Full
Proposal

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

17

Eugene Washington PCORI Engagement Award Program

Launched in **February 2014**

Provides support for projects that lead to **better integration of patients and other stakeholders into the healthcare research process**

A **programmatic funding opportunity—not research awards**

Program budget **\$15.5 million (FY 2015)**

Awards **up to 2 years in duration; \$250,000 total costs**

Fund awards through **contracts rather than grants**; PCORI programmatic involvement with awardees expected throughout the post-award process

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

18

Engagement Awards Support

- Engagement projects that do one or more of the following:

Knowledge Awards

- Increase patient and stakeholder community's knowledge of PCOR and CER and/or PCORI's knowledge of patient and stakeholder PCOR and CER needs

Training and Development Awards

- Build capacity for engaging in PCOR and CER and/or connect patients and stakeholders with the research community for PCOR and CER

Dissemination Awards

- Develop and strengthen partnerships and channels for disseminating PCOR and CER findings

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

19

Engagement Awards Support

- Symposia, seminars, workshops, and other organized and formal meetings where individuals assemble to exchange information or explore issues or areas of knowledge as they relate to PCOR/CER
- Engagement Award Initiative Notice (EAIN): Patient-Centered Outcomes Research/Clinical Comparative Effectiveness Research Meeting and Conference Support
- Eligible theme include, but are not limited to:
 - Research design and methodology
 - Research topic development
 - Dissemination and implementation

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

20

Our Growing Engagement Award Portfolio

Projects focus on a variety of PCORI stakeholder groups: patients, caregivers, advocacy organizations, clinicians, hospitals and health systems, researchers, purchasers, policy makers, and payers

Projects will produce deliverables that are useful to awardees, PCORI, and the broader PCOR community for increasing patient and stakeholder engagement in PCOR and CER

We are committed to sharing and using this information

Project abstracts available at <http://www.pcori.org/research-results>

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

21

Recently Funded Engagement Projects

- **Franciscan Helps Families Connects**
 - *Franciscan Hospital for Children* is developing a network to connect parents of children with medical complexity to each other and to their key healthcare providers to identify the most common challenges for CMC in the healthcare continuum.
- **Pastors 4 PCOR: Engaging Faith Based Communities**
 - *Total Resource Community Development Organization* is training faith-based communities to participate in research with educational curricula designed by faith-based communities, healthcare providers, patients, and academic researchers.
- **Engaging Patients in Bladder Cancer Research Prioritization**
 - *Bladder Cancer Advocacy Network* is working with their online community to create a sustainable method for conducting research prioritization with bladder cancer patients on an iterative and ongoing basis.

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

22

Recently Funded Engagement Projects

- **Patient Engagement in PCOR: a MedEd Training**
 - *Louisiana Public Health Institute* is designing training to increase skills and build capacity of medical students to engage with patients during their future careers as physicians and clinician researchers.
- **70x2020 Colorectal Cancer (CRC) Screening Initiative**
 - *University of Mississippi Medical Center* is leading local community health advocates, primary health care providers, and public health officers to introduce stakeholders in the Mississippi Delta region to the concepts of PCOR and CER and engage them in designing research.
- **Pathways to Partnership: Communication and Collaboration Skills for Creating PCOR Teams**
 - *University of New Mexico Health Sciences Center* is developing and implementing training aimed at addressing barriers to patient and stakeholder engagement in research.

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

23

Recently Funded PCOR/CER Meetings and Conferences

- Developing a Road Map for Optimum Patient-Partnered Chronic Condition Management
- Family & Science: Bidirectional Translation of Knowledge and Need in Sex Chromosome Aneuploidy
- Conference on Statistical Issues in Pragmatic Clinical Trials
- Conference on Science of Dissemination & Implementation
- Summit on Advanced Illness Care: Driving Change through Leadership, Evidence, and Action
- Nontuberculous Mycobacteria Research Consortium Stakeholder Engagement and Planning Meeting

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

24

Engagement Awards Not Intended to Support

- Research projects
- Planning/pilot studies
- Demonstration projects
- Evaluations of programs or interventions
- Validation of tools or instruments
- Provision of health care
- Recruitment of study subjects
- Development of registries or activities to increase participation in registries
- Development of decision aids or clinical practice guidelines
- Meetings that are business as usual, without focus on PCOR or CER

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

25

Who Can Apply?

Private Sector

- Nonprofit and for-profit research organizations

Public Sector

- Universities and colleges; hospitals and healthcare systems; laboratories and manufacturers; units of state, local, or Federal governments

U.S. Organizations

- Must be recognized by the Internal Revenue Service

Foreign Organizations and Nondomestic Components of U.S. Organizations

- May apply if there is demonstrable benefit to the U.S. healthcare system; U.S. efforts in the area of patient-centered research can be clearly shown

Individuals

- Not permitted to apply

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

26

How to Submit

<http://www.pcori.org/funding/opportunities>

→ Engagement Award: Knowledge, Training and Development, and Dissemination Awards

Key Deadlines	Type	Funds Available	Total Costs
LOI: July 1, 2015 Application: Full proposals are due 40 days after review and approval of the LOI.	Program Award		Award total costs may not exceed \$250,000

→ Engagement Award (EAIN): Research Meeting and Conference Support

Key Deadlines	Type	Funds Available	Total Costs
LOI: Not required Application: July 1, 2015	Program Award		One-time award total costs must not exceed \$50,000 and multi-year award total costs may not exceed \$250,000.

PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE

27

What to Submit

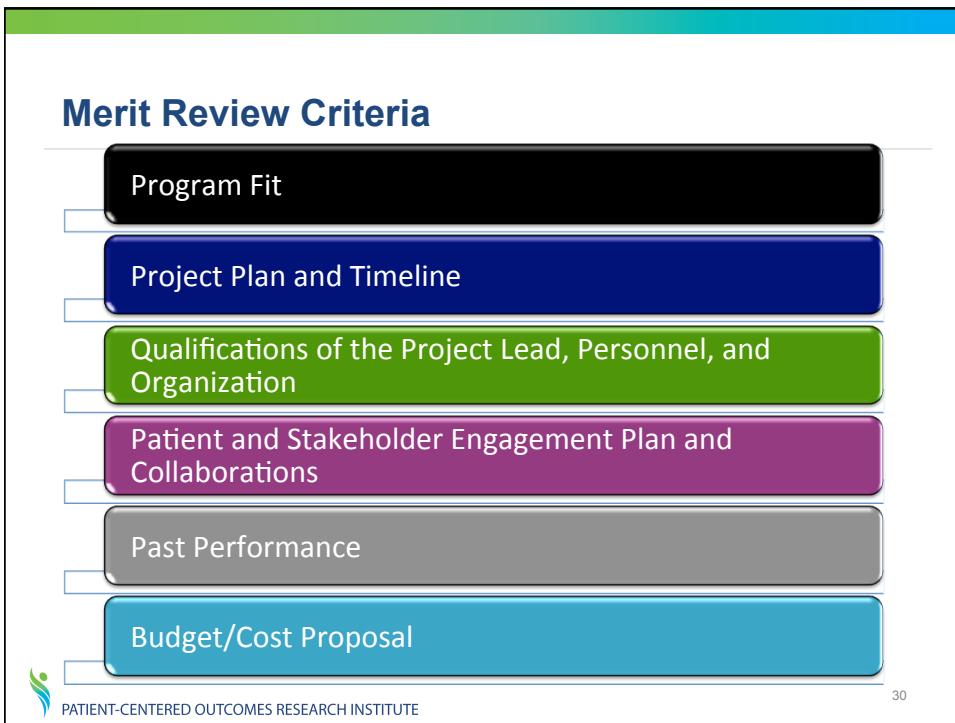

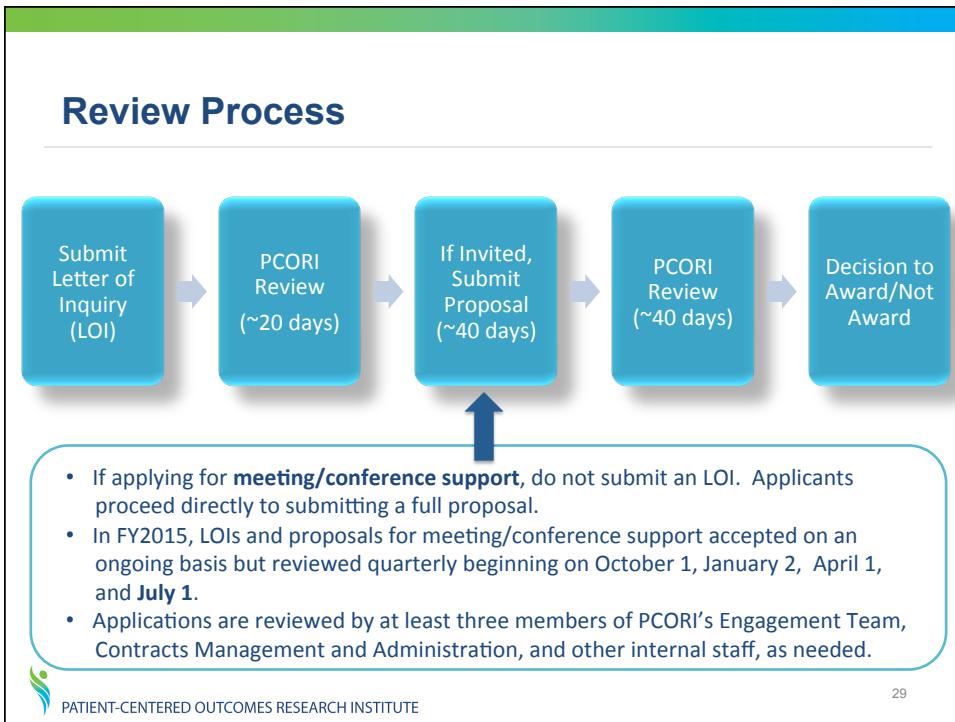

- **Letter of Inquiry**
 - Organization and Project Lead Information
 - Project Information (Project Summary)
- **Application (If Invited OR Applying for Meeting/Conference Support)**
 - Organization and Project Lead Information
 - Project Information (Project Summary)
 - Key Personnel
 - Collaboration and Partnerships
 - Board of Directors List - Upload
 - Project Workplan and Timeline – Upload
 - Budget Summary – Upload
 - Budget Justification – Upload
 - Professional Profile/Biosketch – Upload
 - Letters of Support – Optional Upload
 - Recent Articles/Evaluations – Optional Upload

Engagement Award applicant resources including online application system user manuals available on PCORI website
